CONFERENCE DINNER

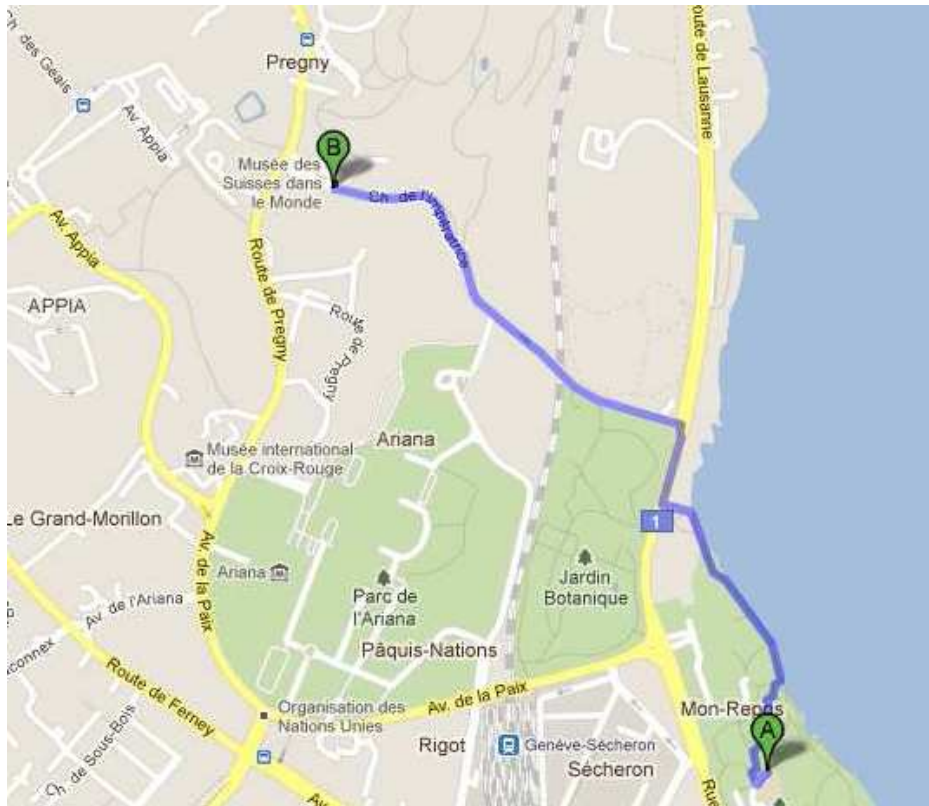

Château de Penthes, Geneva, Pavillon Gallatin Ch. de l'Impératrice 18 1292 Pregny-Genève

The Restaurant Château de Penthes is located on the edge of the beautiful hillside Chateau de Penthes park overlooking Lake Geneva with a backdrop of the Mont Blanc and the Alps, across from the United States mission in Geneva. It serves typically Swiss food with an international flavour.

The location is in walking distance from the conference venue (25 min, partly along the shoreline of Lake Geneva, see map below). **The BIOECON EXPRESS will depart from the parking lot of Villa Barton to the Chateau three times between 19:00 and 20:00.**

Walking from the venue to the Château des Penthes:

On the way:

Go through the walking path by the lake, in few minutes you'll see on your left the **Centre William Rappard (CWR)**, the home of the **World Trade Organization**. Testimony to over seventy years of international co-operation, the CWR was conceived as part of the effort after World War I to create a League of Nations and related institutions that would encourage multilateral exchanges and favour the peaceful resolution of human conflicts.

You will then walk by the **Conservatory & Botanical Gardens**. Since 1904, these 28 hectares located on the edge of Geneva offer an ideal setting for either a simple stroll or for learning. The Botanical Gardens consist of a collection of 16,000 plant species from all over the world.

This truly living museum is divided into several sections: an arboretum, the rock garden and banks of protected plants, medicinal and useful plants, greenhouses, horticultural plants (including a "garden of scent and touch") and an animal park devoted to conservation.

Its Conservatory owns a rich collection of 220,000 volumes and a herbarium containing over 5,5 million samples.

After the Botanical Gardens, walk for about 14 minutes through Ch. de l'Impératrice, you'll reach the **Château de Penthes**, which houses a restaurant as well as the *Museum of Switzerland throughout the World* in its splendid 14th century surroundings. The *Musée du Château de Penthes* collects and displays historical objects from the 15th century right up until now.

A shuttle bus will be leaving from the Restaurant at 22:30 and at 23:00.

Public Transport to return to hotels:

BUS V or BUS Z from Penthes (7 minutes walk from the Château) to Gare Cornavin

Bus departing time: 21:36; 22:07; 22:35; 23:06; 23:05.

Hotels' location from Gare Cornavin's bus stop:

C. Hotel Strasbourg 10, Rue Pradier 1201 Genève

D. Hotel Suisse Genève 10, Place de Cornavin 1201 Genève
